Part B for November 1944.

SUBJECT

Promotions of certain officers in the University and of Mr. C. Srikantiah as Professor of 1st grade in the Medical College.

No 2091

14-11-44

To
The Compiler.

Notfns certain

[illegible]
6/12/44

Letter No. A3-129/44-45 dated 28th August 1944, from the Registrar, University of Mysore, forwarding a copy of the Resolution of the Council in the matter of filling up of certain vacancies in the cadre of Professors Ist class.

The vacancies that were available in the cadre of Professors, Ist class are the following:

(a) Due to demise of Mr. K. S. K. Iyengar, Prof. of Mathematics in Central College, Bangalore on 23rd June 1944 in the

[illegible]

(b) Due to loan of the services of Mr. K. B. Madhava, Prof. Ist class, to the Govt. of India.

2. As per Article 46(a) of Mysore Civil Account Code Vol. II, salary, allowances and pension can be drawn for the day of a person's death; the hour at which death takes place has no effect on the claim. In view of this Mr. K. S. K. Iyengar will have to be given a lien on the post of Professor, Ist class upto the 23rd June 1944 (inclusive) & consequently appointment arrangements in it, will have to be given effect to only from 24th June 1944. The proposal of the University to make confirmation in this vacancy from 24th June 1944 is, therefore, in order. This is for orders.

3) The services of Mr. Madhava have been placed at the disposal of the Govt. of India for a period of six months and acting arrange-

ments

are admissible in this vacancy. Mr. Madhava was relieved of his duties in the Maharaja's College on the 8th June 1944. The proposal to promote Mr. V. L. D'Souza as Ag. Professor, I class against Mr. Madhava, is separately submitted. In view of the confirmation of Mr. Madhava as Professor I class due to vacancy No. I, the lien of Mr D'Souza on the post of Professor, I class may be shifted against ~~the vacancy~~ Dr B. L. Manjunath on foreign service. ~~This etc~~ from 24th June 1944. This releases the vacancy of Mr Madhava in which another Professor in II class can be promoted to 1st class from 24th June 1944.

7. The confirmation and promotions proposed the above two vacancies are the following

(a) Mr. K. B. Madhava to be confirmed as Professor I class from 24-6-44.

(b) Mr V. L. D'Souza, Professor, II class to ~~be promoted~~ continue to act as Professor I class vice Dr Manjunath on foreign service.

(c) The Medical and Engineering Colleges to be included in the consolidated cadre and Prof Dr. C. Srikantaiya of the Medical College to be promoted to act as Professor I class in the vacancy released by the promotion of D'Souza vice Mr Madhava on foreign service having (a) + (b) [illegible] in [illegible] order of seniority.

The question of confirmation of Mr. [illegible] as Professor I class is a Council matter. The proposals are for [illegible]

Re (c)

(c) The reason adduced to consider all the colleges (Arts & Science, Medical and Engineering) as one unit for the purposes of promotion in the cadre of Professors, is that [illegible] the professional colleges may lose their opportunities for promotion to the senior grade.

In the University there are eight posts of Professors, I class, carrying the grade pay of Rs 700-30-850. Prior to 1942 they were allocated as follows :-

(a) Arts & Science Colleges ... 7

(b) College of Engineering ... 1

(c) Medical College ... nil

Subsequently Mr. [illegible] Professor of Electrical Engineering, College of Engineering, was promoted to the grade of Rs 700-30-850 for the reasons detailed in para 44 of final note dated 17th August 1942, reducing the number of Prof. I class in the Arts & Science Colleges by one and increasing the number in the Engineering College by one. The present position is therefore as under:-

(a) Arts and Science Colleges ... 6

(b) Engineering College ... 2

(c) Medical College ... nil.

The question of having a combined cadre of Professors for the Arts and Science and Engineering colleges was not accepted (Vide paras 75 + 76 of the notes in CB. file No. 46-42 (H2))

"U"

"X"

i) The question of having a combined cadre for all the colleges is, however, not free from difficulties ~~[illegible]~~. It has all along been the practice to fill up vacancies in the Principalship of the Maharaja's College or the Central College and some times in the Engineering College ~~[illegible]~~ also from the Staff of the College in which the vacancy occurred. But in 1937 Mr. Mackintosh was transferred from the Maharaja's College as the Principal of the Central College against this convention, in consideration of the fact that English is a subject that is common to both the Colleges.

ii) English and Mathematics are the only subjects which have chairs in the Arts and the Science Colleges; Mathematics is the only subject which is common to the Science and the Engineering Colleges. A Science Professor cannot go to Maharaja's College nor a History, Economics, Philosophy or Psychology Professor to the Science or Professional Colleges. Many a time ~~[illegible]~~ the Senior consequently will have to wait for his chance as Principal, while his junior draws the Principal's allowance. Kind reference is invited to the V.C's letter dated 22-6-42.

Dr. C. Srikantiya, Professor of Chemistry, Medical College, Mysore is the officer now proposed to be promoted as Professor I Class in the vacancy of Mr. Mathava on foreign service. This vacancy should, in the ordinary course, have gone to Mr. L. Rama Rao, Promotions in the Cadre of Professors I class

Continuation Sheet. **File No.** / **Current No.** **of** **Page** 5

“S”

Principal, Inter college, Bangalore. A brief history of services of Dr Srikantaiya and Rama Rao is put up. It is seen that the former is senior to the latter. He is drawing a pay of Rs 650/- in the grade of Rs 400-25-700 from 1-5-44.

) The proposals of the University are for orders.

† Council matter

KMR 7.9.44

7) The recommendation of the University to confirm Mr. K. B. Madhava as I class Professor from 24-6-44, and to continue Mr. V. L. D'Souza as acting I class Professor vice Mr. Mangruvati [illegible] on foreign service are in the order of seniority.

8) As regards the consequential arrangement to promote Mr. C. Srikantia of the Medical College as acting I class Professor vice Mr. K. B. Madhava on foreign service, it is stated that this is an innovation. The vacancy belongs to the Arts & Science colleges, and in the normal course, it should have gone to Mr. L. Rama Rao by seniority.

9) The present proposal of the University Council that all the colleges should be treated as one unit is a novel one,

[illegible] and of the question of promoting [illegible] other [illegible] pending the ~~accepting~~ the acceptance of the principles [illegible] [illegible] sd/ [illegible]

Edn. [illegible] 98.

Univ.-cw [illegible] 21 [illegible]

(5) The proposals of the University as regards the ~~pro~~ confirmation of Prof. N. K. Mashara as Prof. in Cl. I and the continuance of Prof. V. L. D'Souza ~~in the~~ as acting in the same class are in the order of seniority and may be approved.

The only contentious point is as regards the promotion of Mr C. M. Kanka of the Medical College as to Class I. ~~This would~~ The present position ~~the~~ is that 6 I class professorships (700-30-850) are available for the Arts and Science colleges and ~~X~~ 2 to the Engineering College. This latter includes one given as a special case and ~~a~~ for the time being no more posts. The Medical College professoriate is therefore left out of consideration in respect to promotions to class I vacancies. The University Council have now resolved that the Medical and Engineering colleges be included in the consolidated cadre and that

Dr. C. Srikanta be appointed as profesr. class I

11) From a perusal of the Civil list it will be seen that if this Consolidation were not effected Prof. S. Ramarao (who is ~~an~~ the principal ~~the~~ of the Inter College at Bangalore) would get the vacancy caused by the change of lien of Prof. D'Souza. Whereas the deprivation of two I class professorships out of the 8 existing was a hard enough blow to the senior members of the teaching staff of the Art & Science college. Taking another out and transferring it to the Medical College would make matters worse. Such a step would mean that there would be only 5 I class profrships for 17 ~~Asst~~ II grade professorships: ~~while the Engg~~ the Engg. College would have two I class profrs for two professors on the lower grade. And the Medical College would have One I grade professor for 4 second grade places. Such an arrangement would naturally cause serious discontent among the teaching staff of the Arts and Science college: and in the present case depriving Prof. S. Ramarao of his chances of promotion after he has waited so long under the expectation that he would get it in the normal

course is not fair. Hence the case of Mr Lhamadas K. for promotion in this vacancy has therefore to be considered first.

(2) At the same time it seems unfair that the Medical College should have no I class professorship attached, thereby barring chances of promotion to the senior members of its present teaching staff. The University has proposed a consolidation of the cadre of I grade professorships. Apart from the practical difficulties of such consolidation which have been fully discussed in the minute of the Member of Education in pp. pre 76-42, a step of that type would be grossly unfair if the strength of the cadre were not increased and the present prospects of the Arts & Science college preserved. A proposal to raise the cadre of I grade professors by one was in fact made by the University in 1942 in connection with the case of Mr J. P. Das but it was turned down. In view of the hardships caused to the professoriate of the Medical College

Promotions in the cadre of I class Professors (Edn)

C 19

by lack of any promotion beyond the Rs 700 grade even to its senior most members some reconsideration of the matter appears desirable. Since there are great practical difficulties in the way of consolidating the cadre of I grade professorships I would suggest the creation of an extra I grade professor's place for the Medical College. The cost may be kept down by keeping one of the posts on 400-25-700 vacant for the present. Such a ~~cour~~ course would not only secure an even flow of promotion to the professoriate of the Medical College but would also obviate any sense of disappointment or grievance such as would certainly arise if the Arts & Science colleges were deprived of one place in the I grade professorships for the sake of the Medical College.

p. 52A

A

B) It may be stated in this connection that so long as Dr Ambadas was in the Medical College he was drawing pay in the grade 500-1000.

Date 9.10.44
No. 2544

5) The first two items in the University Council resolution are in order & may therefore be approved.

6 As regards item (iii), the constitution of the cadres in all the colleges under the University for purposes of promotion to the 1st grade of Professors is not free from administrative difficulties as pointed out in my minute dated 26·10·1943 in University file No 74-42 Ed 1 dt. If this proposal is accepted, none of the 2nd grade Professors in the Engineering College will be eligible for promotion to the 1st grade, when Messrs Ramasamy & Da. superannuate. On the basis of seniority, one of the 2nd grade Professors in the Arts & Science Colleges will be eligible for promotion and it will neither be proper nor correct to post such Professor ~~[illegible]~~ to the Engineering College. If any one from the P.W.D or Electrical Dept is posted to these vacancies, the officers in the University will be deprived of their chances for promotion & this will give scope for considerable heart-burning & discontent. The sanctioned number of appointments in the 1st grade of Professors has been allocated to the several Colleges (the Arts & Science Colleges being treated as one unit) & the officers in the lower grade working in these Colleges, naturally expect that they will get promotion in the usual course in the vacancies arising in the higher grade posts allocated to their unit. It will give them

cause for much disappointment, if a new principle is now enunciated which will have the effect of restricting their chances of promotion. In fact, the promotion of Mr Das of the Engineering College in one of the vacancies of 1st grade Professors which legitimately belonged to the Arts & Science College, has led to much heart-burning & the University pressed more than once that this promotion may be counted against an additional post of 1st grade Professor to be created but Govt were not inclined at the time to add to the number of posts in this cadre.

17) Without attempting at any consolidation of cadres which may create administrative difficulties in the future, it is best, I think, to sanction a post of 1st grade ~~of~~ Professor to the Medical College, to be filled up on the basis of seniority of officers in that institution. There are 5 posts of 2nd grade Professors in that College & there is no higher post to which the officers in that grade may look forward for promotion. There are two 1st grade Professors posts attached to the Engineering College at present, though there are only 2 posts of 2nd grade Professors. Whether one of the higher posts, may be restored to the Arts & Science College, from which it was taken away to promote Mr Das on personal grounds, may have to be considered at the time of

17

Continuation Sheet. File No. / Current No. of Page.

retirement of Mr Das & in the light of the requirements of the Engineering College, which may have to be expanded to meet the increased demand for professional men in the post-war period. Meanwhile it is only fair to create one post of 1st grade Professor for the Medical College, in lieu of one post in the 2nd grade. The extra cost will not be much & may have to be incurred in the interests of the institution & of the officers working in it. Mr Srikantiah who will be eligible for promotion is already drawing Rs 650 in grade Rs 400-25-700 & has only 2½ years for superannuation.

DEWAN'S OFFICE 17 ... 44 NO 2622

15. If this is done, the existing temporary vacancy in the Arts & Science College, may be filled up on the basis of existing seniority, in which case, Mr L. Rama Rao, who is now Supdt of the Intermediate College, Bangalore, will get the benefit of the vacancy. The post of Supdt, Intermediate College carries a pay of Rs 400-25-700 but as the vacancy is a temporary one, Mr Rama Rao may be continued in the post so as to avoid dislocation of work.

NOTE.—Contn. sheet

Promotions to Class I of Professors of the Mysore University.

....

A vacancy has occurred in the first grade of Professors due to the demise of Mr. K.S.K.Iyengar on 24th June 1944, and the University have recommended the following proposals:--

1) Mr. K. B. Madhava, II Class Professor who is already acting in the I Class *vice* Dr. B. L. Manjunath, on Foreign service, be confirmed in Class I from 24th June 1944 *vice* Mr. K.S.K. Iyengar deceased.

2) Mr. V.L.D'Souza, Professor, II Class to act in I Class *vice* Dr. B.L.Manjunath on Foreign service.

3) Medical and Engineering Colleges be grouped along with the Arts and Science Colleges and treated as one Unit for purposes of promotion in the cadre of Professors.

Dr. C. Srikantiah, Professor, Medical College, Mysore be promoted on this principle to Class I *vice* Mr. K.B.Madhava, on Foreign service.

The first two items in the Resolution of the University Counc are in order.

As regards item (3), the consolidation of the cadres of all the Colleges under the University for purposes of promotion is not free from administrative difficulties. The sanctioned number of appointments in the I grade Professors has been allocated to the several Colleges (the Arts & Scienc Colleges being treated as one unit) and the Officers in the lower grade working in these Colleges naturally expect that they will get promotion in the usual course. It will therefore cause them much disappointment if a new principle is enunciated which will have the effect of restricting their chances of promotion. The Minister for Education has therefore suggested that the existing temporary vacancy (item 3) may be filled up on the basis of existing seniority in the Arts & Science Colleges and that Mr. L. R. Rama Rao Superintendent, Intermediate College, Bangalore may be promoted as acting Professor Class I. As the vacancy is, however, a temporary one, Mr. Rama Rao is proposed to be continued in his present post ao as to avoid dislocation of work.

It is, at the same time, desirable to sanction the post of a First Grade Professor to the Medical College, also to be filled up on the basis of seniority. There are 5 posts of Second Grade Professors in that College and as there is no higher post which the Officers in that grade may look forward for promotion, it is only fair to create one post of first grade Professor for the Medical College in lieu of a post in the second grade. Mr. C. Srikantiah, who is the senior most Professor in the Medical College, may be appointed as Professor I grade in that College.

The above proposals of the Minister for Education have een agreed to by the Dewan.

NO. 3035

Final Note by the Minister for Education

Subject— Promotions to Class I of Professors of the Mysore University.

A vacancy has occurred in the first grade of Professors due to the demise of Mr. K.S.K. Iyengar on 24th June 1944, and the University have recommended the following proposals :-

M

1) Mr. K.B. Madhava, II Class Professor who is already acting in I Class vice Dr. B.L. Manjunath, on Foreign service, to be confirmed in Class I from 24th June 1944, vice Mr. K.S.K. Iyengar deceased.

2) Mr. V.L. D'Souza, Professor, II Class to act in ~~II~~ I Class vice Dr. B.L. Manjunath on Foreign service.

3) Medical and Engineering Colleges be grouped along with the Arts and Science Colleges and treated as one Unit for purposes of promotion in the cadre of Professors.

Dr. C. Srikantiah, Professor, Medical College, Mysore to be promoted on this basis to Class I vice Mr. K.B. Madhava, on Foreign service.

When the papers came to me, I minuted as follows :-

Para 15 16
184 nos

"The first two items in the University Council resolution are in order and may therefore be approved.

As regards item (iii), the consolidation of the cadres in all the Colleges under the University for purposes of promotion to the first grade of Professors is not free from administrative difficulties as pointed out in my minute dated 26th October 1943 in University File No. 74-42 Sl.1 & 2. If this proposal is accepted, none of the second grade Professors in the Engineering College will be eligible for promotion to the first grade, when Messrs. Ramaswamy and Das, superannuate. On the basis of seniority, one of the second grade Professors in the Arts and Science Colleges will be eligible for promotion and it will neither be proper nor correct to post such Professor to the Engineering College. If any one from the Public Works Department or Electrical Department is posted to these vacancies, the officers in the University will be deprived of their chances for promotion, and this

h

(F.N.—contn.)

this will give scope for considerable heart-burning and discontent. The sanctioned number of appointments in the first grade of Professors has been allocated to the several Colleges (the Arts and Science Colleges being treated as one Unit) and the officers in the lower grade working in these Colleges, naturally expect that they will get promotion in the usual course in the vacancies arising in the higher grade posts allocated to their unit. It will give them cause for much disappointment, if a new principle is now enunciated which will have the effect of restricting their chances of promotion. In fact, the promotion of Mr. Das of the Engineering College in one of the vacancies of first grade Professors which legitimately belonged to the Arts and Science Colleges, has led to much heart-burning and the University pressed more than once that this promotion may be counted against an additional post of first grade Professor to be created but Government were not inclined at the time to add to the number of posts in this cadre.

Para 17 of notes

Without attempting at any consolidation of cadres, which may create administrative difficulties in the future, it is best, I think, to sanction a post of first grade Professor to the Medical College, to be filled up on the basis of seniority of officers in that institution. There are five posts of second grade Professors in that College and there is no higher post to which the officers in that grade may look forward for promotion. There are two first grade Professors' posts attached to the Engineering College at present, though there are only two posts of second grade Professors. Whether one of the higher posts, may be restored to the Arts and Science Colleges from which it was taken away to promote Mr. Das on personal grounds, may have to be considered at the time of retirement of Mr. Das and in the light of the requirements of the Engineering College, which may have to be expanded to meet the increased demands for professional men in the post-war period. Meanwhile it is only fair to create one post of first grade Professor for the Medical College, in lieu of one post in the second grade. The extra cost will not be much and may have to~~m~~ be incurred in the interests of the institution and of the

P

(F.N.—contn.)

officers working in it. Mr. Srikantiah who will be eligible for promotion is already drawing Rs.650/- in grade Rs.400-25-700 and has only two and half years for superannuation.

Para 18

If this is done, the existing temporary vacancy in the Arts and Science Colleges, may be filled up on the basis of existing seniority, in which case, Mr. L. Rama Rao, who is now Superintendent of the Intermediate College, Bangalore, will get the benefit of the vacancy. The post of Superintendent, Intermediate College carries a pay of Rs.400-25-700 but as the vacancy is a temporary one, Mr. Rama Rao may be continued in the post so as to avoid dislocation of work."

These proposals have been agreed to by the Dewan and the other Ministers and I solicit His Highness' gracious approval to the promotion of Messrs. K.B. Madhava, V.L. D'Souza and L. Rama Rao and to the proposal to create one post of first grade Professors for the - Medical College, in lieu of one post of second grade, and to promote Dr. C. Srikantiah to the first grade against this new post.

Registrar, University of Mysore,
MYSORE

To

SECRETARY
3 AUG. 1944

N. S. HIRANNAYYA, ESQ., M.A.,
Education Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

Sir,

In continuation of this office letter No.A.3-953/43-44 dated 25th July 1944, requesting sanction of Government for certain acting arrangements in the vacancy caused by the loan of services of Mr. K.B.Madhava, Professor of Mathematical Economics and Statistics, to the Government of India, I am directed to state that the question of promotion to the Professorship in Class I vice Mr.K.B.Madhava was considered by the Council by circulation and the Council have agreed to the proposal to recommend Mr. V.L.D'Souza, Professor of Economics, Maharaja's College, Mysore, in charge of the History Department also at present, for promotion to Class I with effect from 8th June 1944, the date on which Mr. Madhava was relieved of his duties in the Maharaja's College, Mysore. I am to request sanction of Government for the promotion of Mr. D'Souza to Class I of Professors with effect from 8th June 1944 vice Mr. K.B.Madhava as recommended by the Council.

Orders have not been passed
578

I am to add in this connection ~~that Mr.~~ D'Souza was promoted to act in Class from 28th June to 25th September 1943, vice Dr.M.V. Gopalaswami in G.O. No.4537-38/C.B.211-42-5 dated 7th/8th June 1944 when the latter was granted furlough leave.

I have the honour to be,
Sir,
Your most obedient servant,

Copy of letter No.A.3-958/43-44 dated the 25th J 1944, from the Registrar, University of Mysore, to the Edn.Sy. to Govt.

...

With reference to your D.O. letter No.4518/CB dated th June 1944 regarding the loan of the services of Mr. K.B.Madhav Professor of Mathematical Economics and Statistics, Maharaja' College, Mysore, to the Govt. of India, I am directed to state that Mr. Madhava was relieved of his duties in the Universi on the forenoon of 8th June 1944. The question of acting arangements during the period of absence of Mr. Madhava on foreign service was considered by the University Council at the meeting held on 15th June 1944 and it was resolved that the following arrangements proposed by the Principal, Maharaja's College be made:--

(i) Mr. M. Narayana Iyengar, Asst. Prof. to act as Professor vice Mr. K.B.Madhava.

(ii) Mr. T.Krishnamurthy, Lecturer, to act as Asst. Professor vice No.1.

2) I am to add that Mr. Narayana Iyengar is now in grade Rs.200-25/2-300 and is drawing the maximum of the grade pay. Mr. Krishna Murthy is an acting First Class Lecturer in grade Rs.150-10-200 and is drawing Rs.190/- in the grade. He is a permanent II Class Lecturer.

3) I am to forward herewith a copy of the Council Resolution and to request sanction of Government for the acting appointments of Mr. M. Narayana Iyengar and Mr. T. Krishnamurthy as Professor and Asst. Professor respectively, as recommended by the University Council.

4) Government will be addressed separately regarding a promotion to Class I of the Professors' cadre vice Mr. K.B.Madhava.

His Highness the Maharaja of Mysore,
Bangalore.

SECRETARY
29 AUG
C.B.

Sir,

I am directed to state that owing to the death of Mr. K.S.K. Iyengar. Professor of Mathematics Central College, Bangalore on 23rd June 1944, a vacancy in the First Grade of Professors occurred which admits of the promotion of a Second Class Professor. The ~~que~~ question was considered by the University Council at the meeting held on 19th August 1944 and it was resolved as follows:-

That (a) Mr. K.B. Madhava be confirmed in Class I Professorship.

(b) Mr. V.L.D'Souza Professor Class II (already recommended for promotion to Class I (acting) vice Mr. K.B. Madhava on foreign service) to continue to act in Class I vice Dr. B.L. Manjunath on foreign service (vide letter No. A.3-129/44-45 dated 2nd August 1944).

(c) The Medical and Engineering Colleges be also included in the consolidated cadre and that Dr. C. Srikantia be appointed to act in class I in the vacancy released by the acting promotion of Mr. D'Souza vice Mr. K.B. Madhava on foreign service.

I am to forward herewith a copy of the Council resolution and to request sanction of Government for

(i) the confirmation of Mr. K.B. Madhava as Professor, Class I vice Mr. K.S.K. Iyengar (deceased) with effect from 24-6-1944. Mr. Madhava was promoted to act in Class I vice Dr. B.L. Manjunath on foreign service. (vide Notification No.4582/CB 32-42-6 dated 21st April 1943).

(ii) the promotion of Mr. V.L. D'Souza, Professor Class, II already recommended for promotion to Class I in this office letter No. A.3-129/44-45 dated 2nd August 1944 to act as Professor, Class I vice Dr. B.L. Manjunath on foreign service against the vacancy to be released by the confirmation of Mr. K.B. Madhava.

As regards resolution (iii) the Council was of the opinion that unless all the Colleges (Arts, Science, Medical & Engineering) were

were considered as one unit for purposes of promotion in the cadre of Professors, Senior men in the Professional Colleges would not only lose opportunities for promotion to the Senior grade but they would also lose their seniority vis-a-vis those in the Arts and Science Colleges. The Council therefore resolved that the Medical and Engineering Colleges should also be included in the consolidated cadre.

I am to request sanction of Government to this recommendation of the Council, and to the promotion of Dr. C. Srikantia, Professor of Chemistry, Medical College, Mysore, in grade Rs.400-25-700 to the first grade of Professors vice Mr.K.B.Madhava, on foreign service, to be released by the promotion of Mr.V.L.D'Souza vice Dr.B.L.Manjunath, on foreign service.

I have the honour to be,
Sir,
Your most obedient servant,

REGISTRAR. 29/Jun
